

Arivaca and Back- 68 Miles

Enjoy an out and back to the community of Arivaca. The Frontage Road to Amado and then rolling hills to Arivaca. Good snacks at the Gadsden Coffee Shop on the final downhill to Arivaca. Go all the way down and check out the interesting shops and the Buenos Aires Wildlife Refuge in the town. The ride back is mostly downhill and can be fast if the wind is at your back.
